RAV4

THERE'S DESIGN AND THEN THERE'S STYLE

A POWERFUL DESIGN STATEMENT WITH TRUE SUV CHARACTER.

The New RAV4 is an SUV that was built to be driven – and designed for those who choose to stand out. Pairing the robust looks of a fully fledged SUV with sharp, dynamic styling, the New RAV4 displays a sleek, urban edge. Powerful with a real road presence, the New RAV4's strong body draws the eye from the elegant front LED headlights, along the bold profile silhouette and through to the unique LED tail lights – producing a look that is individual and refined. The New RAV4's rugged SUV stance proves it looks and acts the part, while being completely at home in the city.

THERE'S HYBRID AND THEN THERE'S TOYOTA HYBRID

THE HYBRID SUV DESIGNED FOR EVERY ROAD AND EVERY CITY.

The New RAV4's powerful 2.5-litre Petrol Hybrid powertrain delivers outstanding performance without compromise. It gives you confidence in every driving situation, from the motorway to the city and challenging road conditions. And thanks to its self-charging hybrid powertrain, you'll also enjoy exceptional range – giving you the benefits of electric power, such as a quiet drive and greater efficiency, without inconvenience.

With the New RAV4, you can glide through the city, embrace the open road and leave compromise behind.

THERE'S CONTROL AND THEN THERE'S CONFIDENCE

THE NEW RAV4 DRIVES LIKE NO OTHER SUV BECAUSE IT'S BUILT LIKE NO OTHER SUV.

The New RAV4 represents an uncompromising balance of space, ride comfort, power and all-road capability. The innovative TNGA platform has enabled Toyota's engineers to reduce the car's weight, lower its centre of gravity and increase both chassis rigidity and driver visibility. Together, these changes make the New RAV4 easier to handle and seriously fun to drive. The platform has also given the designers more freedom to create a stylish car, with more room throughout for both passengers and luggage.*

The result is a supremely capable SUV in which you can go anywhere in safety and style – and one you will just love to drive.

THERE'S POTENTIAL AND THEN THERE'S POWER

AN UNCOMPROMISING FUSION OF PERFORMANCE, EFFICIENCY AND LOW EMISSIONS.

The New RAV4 reasserts its position at the forefront of the SUV market with the groundbreaking 2.5-litre Petrol Hybrid powertrain. Available with the intelligent all-wheel drive (AWD-i) system, the New RAV4 delivers an impressive performance both on- and off-road. With the ability to adapt to changing driving conditions automatically, you'll have all the traction you need, whenever you need it in adverse road conditions.

THERE'S SAFETY AND THEN THERE'S PEACE OF MIND

INTELLIGENCE THAT IMPROVES SAFETY FOR EVERYONE – INSIDE AND OUTSIDE THE CAR.

The New RAV4 includes a wide range of advanced safety features to help you drive with more confidence. Toyota Safety Sense has been enhanced with even more intelligent features, which means the car can now do even more to help you. It includes assistive functions such as Pre-Collision Detection that can see cyclists as well as other vehicles, Night-time Pedestrian Detection, Full-range Adaptive Cruise Control and Lane Trace Assist. Rest assured, however, that you'll always be in control.

Toyota Safety Sense is standard across every RAV4 model. Because your safety is essential – never just an option.

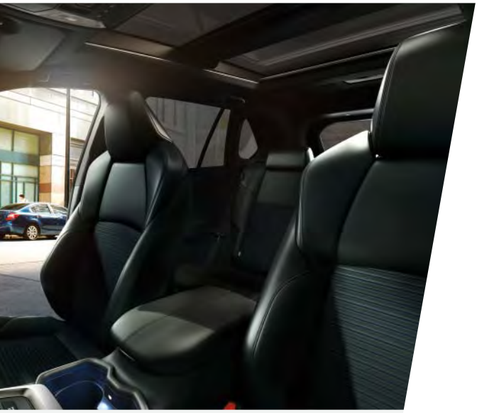
THERE'S DISTINCT AND THEN THERE'S REFINED

A SUPERIOR CABIN, FINISHED WITH A REMARKABLE SENSORY QUALITY.

The New RAV4's interior is built around a wide centre console and contemporary new instrument panel. Simplicity meets high technology in seamless style, as the robust exterior design is met with the thoughtful arrangement of the interior.

Innovative features work with the cabin's clean lines in an environment of true refinement, focusing around the 8" multimedia touch screen. The New RAV4 is designed to deliver a sensory experience – and to enhance your every journey.

THERE'S SUFFICIENT AND THEN THERE'S SUBSTANTIAL



An electrically operated, panoramic glass roof floods the car with light, making the most of the welcoming interior space.

Model shown is Dynamic with optional Toyota Skyview® panoramic roof.

A TRULY COMFORTABLE RIDE FOR DRIVERS AND PASSENGERS ALIKE.

The New RAV4 combines great visibility and a high driving position with the comfort of a truly impressive and spacious interior, offering a relaxing and practical environment. With comfort and versatility in mind, the new-look cabin offers a number of seating variations and plenty of storage. Folding rear seats also allow you to create even more space when required.

THERE'S CLEVER AND THEN THERE'S CONNECTED

TECHNOLOGY DESIGNED AROUND YOUR NEEDS.

MyT is a set of connected services for your car, designed to make your life easier. Offering a suite of services, the MyT App allows you to link up and stay in contact with your Toyota.

MyT connected services provide you with real-time updates, such as speed camera warnings, journey planning and online service booking.

In addition, you also have access to Hybrid Coaching which helps you optimise your EV driving and improve fuel efficiency, ensuring you can get the most from your hybrid.

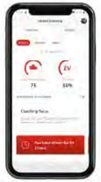
MyT by Toyota

https://www.toyota.co.uk/owners/vehicle-information/myt

Driving Data
Record and review all your driving data, including speed, acceleration and mileage.

Find My Car
Powered by Google Maps, Find My Car tells you exactly where your car is – so you will always know where you parked.

Send To Car
Plan a journey from the comfort of your home – or anywhere. With MyT, you can send your destinations directly to your car's navigation system.



Hybrid Coaching
The Hybrid Coaching feature provides analytics on your driving style, together with useful feedback that can help increase your EV driving ratio and improve fuel efficiency, so you can get the most from your Hybrid.

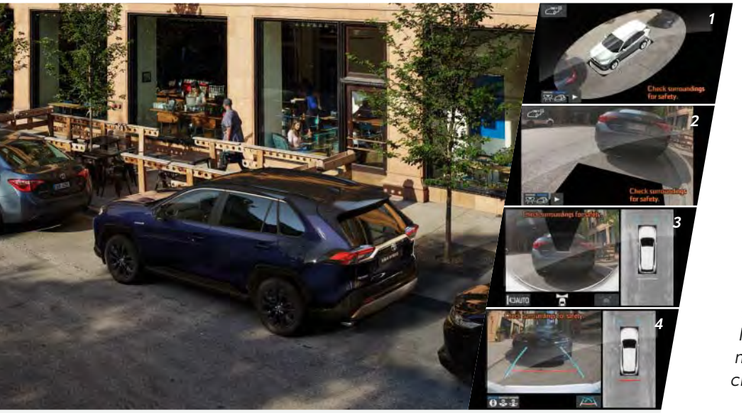
Last Mile Guidance
This service transfers data from the satnav system to your phone, for journeys that need to be completed on foot.

Service Reminders
With advance maintenance reminders based on your car's actual mileage, you'll never miss a service again.

Real-time Navigation*
Get more information from your satnav, like speed camera alerts, fuel information, parking locations and more, so you're always in control.

** Only available with Toyota Touch® 2 with Go navigation system.*

THERE'S INTELLIGENT AND THEN THERE'S SMART



When reverse parking, the smart rear-view camera shows you when to turn the steering wheel. It also displays your path, based on the wheel's position.

INNOVATIVE TECHNOLOGY DESIGNED AROUND YOUR NEEDS.

To make every journey more enjoyable, the New RAV4 includes features like an optional 9-speaker JBL® audio system, for concert quality sound. Part of a suite of thoughtfully applied technology, it all comes together to make life easier, whatever the driving situation. For example, when you're manoeuvring in confined spaces, the optional 360° Panoramic View Monitor makes sure nothing lies beyond your line of sight. It's just one of the intelligent features that makes the New RAV4 as easy to handle in the city as it is on the open road.

The Blind Spot Monitor allows the driver to manoeuvre more safely during lane changes. If the rear-mounted radar sensors detect a vehicle in your side or rear blind spot, a warning indicator will illuminate on the appropriate side mirror. Should you indicate to change lanes and a vehicle is in your blind spot, the warning indicators will flash to alert you that a lane change should be avoided.

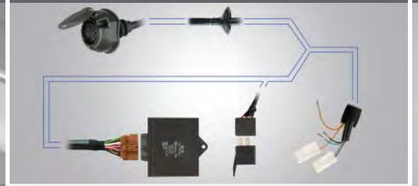
TOWING

Tow bars – detachable and fixed

Toyota tow bars are available with a fixed or detachable hook. Both provide a strong towing capability and will support the Toyota rear-mounted bicycle holder.

Features
— Towing capacity: FWD – without brakes 750 kg, with brakes 800 kg. AWD-i – without brakes 750 kg, with brakes 1650 kg. (The tow bars are designed for your car's maximum towing capacity.)
— Supplied with a protective tow-ball cap bearing the Toyota logo.
— With the detachable tow bar, a smart plastic cover is supplied to place over the base when the hook is removed.
— On the detachable tow bar, the hook attaches or removes by means of a turning knob that also incorporates a security lock.

Tow bar wiring harness



Safety for you and your car is at the heart of the Toyota tow bar wiring harness. Individually designed for each Toyota model, the harness seamlessly integrates your car's lights and signals with those on a towed trailer or rear bicycle holder.

Features
— The harness has independent circuitry and a fused module to eliminate the risk of overloading your car's existing electrical system.
— The fused module prevents a fault in the trailer's circuitry affecting your car's systems. For instance, your car's indicators will continue working even if those on the trailer fail.
— Toyota specialists designed the cable route to safely avoid contact with moving parts, heat, irregular surfaces and metal edges.
— There are no loose or hanging cables that could catch on road obstacles or interfere when loading or unloading the boot.
— Strategic reinforced cable protection guards against accidental damage and the consequent risks of lighting failure or fire caused by electrical shorting.
— Available with a 7- or 13-pin socket.

Socket adapters

If you have an existing trailer or rear bicycle holder, or perhaps you want to hire a trailer when you travel in another country, you may find that the plug socket is different to that on your new car. Such a problem is easily resolved! A Toyota socket adapter enables you to safely and securely connect your car's tow bar wiring harness to that of a trailer or bicycle holder even if the plugs don't match.

Toyota adapters are designed to provide a durable connection between different types of plug sockets. They are available in three versions:

— 7-pin (car) to 13-pin (trailer).
— 13-pin (car) to 7-pin (trailer).
— 13-pin (car) to 12N-12S double socket (trailer).

OWNING YOUR NEW RAV4

Servicing your Toyota
Toyota Service Pricing means you will be sure to know the cost of your service up front. Expertly trained technicians using only genuine Toyota parts will carry out your service at one of over 200 Authorised Toyota Service Centres. The technicians will advise you on the correct service for your vehicle based on the vehicle's age, mileage and service history.

For more information visit toyota.co.uk/owners/servicing-and-aftercare/service-mot-maintenance

Service Plans
Inflation-proof pricing with a monthly or one-off payment plan means one less thing to worry about. With Toyota Service Plans the price you're quoted is guaranteed for the duration of your plan. The service, parts and labour are all paid for either in monthly instalments or as a one-off payment at the beginning of your plan.

For more information visit toyota.co.uk/owners/servicing-and-aftercare/service-mot-maintenance

Toyota Price Repairs
We offer transparent prices on a number of repair items for your Toyota giving you peace of mind when it comes to managing costs. Also don't forget we only use genuine Toyota parts, all of which come with at least 12 months' warranty (some even offer unlimited mileage warranties); and your vehicle will always be dealt with by a trained Toyota technician.

Toyota Roadside Assistance
When you buy a Toyota you will automatically receive 12 months' AA Roadside Assistance in the UK and Europe, free of charge. After the first year the cost of Toyota Roadside Assistance is £7 per month if paid by monthly Direct Debit, £72 per annum if paid by annual Direct Debit, and £76 per annum when paid by all other payment methods.*

For full terms and conditions please visit toyota.co.uk/owners/roadside-assistance

Toyota Relax
Up to 10 Years (100,000 miles) Toyota warranty
Every new Toyota is eligible to be covered by up to 10 years' manufacturer warranty through Toyota Relax. This is provided through an initial 3 years manufacturer warranty that can be extended with regular servicing at a Toyota dealer. 12 months warranty is included with every Toyota Service, up to 100,000 miles or 10 years, whichever comes first, giving you a chance to relax in the knowledge that you and your vehicle are in safe hands. Terms and conditions apply.

For full details, please ask your official Toyota Centre or visit toyota.co.uk/relax

Corrosion Cover
The 12-year unlimited mileage cover protects against rust perforation affecting sheet metal body panels as a result of a manufacturing fault. This warranty can also be transferred to any future owner throughout the 12-year period.

Rust and Paint Cover
The 3-year unlimited mileage cover protects against defects and surface rust as a result of a manufacturing fault.

Toyota Business Centre
Our Toyota Business Centre network promise you same-day access to a business manager or dedicated sales executive. With business offers and interactive wholelife cost modelling tools which consider emissions, fuel economy, servicing, insurance and residual value data, our advisers can accurately compare tax costs against any competitor. Whenever servicing is due, we can offer fixed-price servicing, free local vehicle collection and delivery (with wash and vac).

Special offers, fixed-price fleet servicing, specialist fleet insurance, business daily hire, Toyota Fleet Financial Services, extended test drives and a dedicated Business Centre Network are just some of the services business customers can expect from Toyota.

For more information visit toyota.co.uk/business-customers.

While every effort is made to reproduce accurate information, we reserve the right to change specifications, equipment and availability without prior notice. This brochure cannot be regarded as infallible (some of the vehicles shown may not be to exact UK specification), and as such does not constitute an offer for sale of any particular vehicle or specification. For the latest specification and availability, we ask that you contact your local Toyota Centre. Vehicle body colours may differ slightly from the printed images in this brochure.

Quoted mpg and CO_2. Figures are provided for comparability purposes; only compare fuel consumption and CO_2 figures with other cars tested to the same technical procedures. These figures may not reflect real-life driving results. Fuel consumption and CO_2 produced varies significantly depending on a number of factors, including the accessories fitted (post-registration), driving style, conditions, speed and vehicle load.

All models and grades are certified according to the World Harmonised Light Vehicle Test Procedure (WLTP), which replaces the New European Driving Cycle test procedure (NEDC).

All CO_2 figures quoted are NEDC equivalent. This means the CO_2 figures are based on the new WLTP test procedure but calculated (using a standard European calculation method) to allow comparison with the NEDC test procedure. The NEDC equivalent figures will be used to calculate vehicle tax on first registration. All mpg figures quoted are full WLTP figures.

More information can be found by visiting: www.vehicle-certification-agency.gov.uk/fcb/wltp.asp.

The official CO_2 figures for vehicles changed as from 6 April 2020, due to a change in the official method of calculation. CO_2 figures are used in the calculation of Vehicle Excise Duty (car tax) for new cars during their first year of registration. As a result, all CO_2 figures, car tax and recommended 'on the road' prices for new vehicles are subject to change for vehicles registered after 6 April 2020. Please contact your local Toyota Centre for further information.
