* Prius and Auris Hybrid are equipped with Hybrid Synergy Drive®.

The award-winning Hybrid Synergy Drive® technology combines a 1.8-litre VVT-i petrol engine with a powerful electric motor.

The result is a vehicle with the performance of a large family car, but with outstanding fuel economy and low CO₂ emissions.

Fuel consumption values quoted throughout this brochure are determined according to EC Directive 1999/100/EC. The results do not express or imply any guarantee of actual fuel consumption. CO₂ is the main greenhouse gas responsible for global warming.

For full details, please ask your Official Toyota Centre or visit www.toyota.co.uk/5yearwarranty

Extended Warranty

After the initial warranty period has ended, you can extend your warranty until the vehicle is seven years old – choosing from a range of packages to suit your vehicle and your needs. All of our warranties cover the main component parts of the vehicle*, meaning that you pay for nothing beyond routine servicing and maintenance, so there are no unexpected bills to pay.

Toyota Accident Assistance

At Toyota, we believe that our customers deserve the best possible care. Therefore if you are involved in an accident, one call to Toyota Accident Assistance will get you back on the road again, whilst we take care of liaising with your insurer and arranging for your car to be repaired. By making us your first call, we will ensure your vehicle is repaired by Toyota to factory standards, meaning no compromise to your warranty or residual value.

Toyota accessories

Toyota accessories are designed and manufactured with the same care, quality and attention to detail as Toyota vehicles. Tailor-made for your Toyota, they fit perfectly and add a personal touch of style, comfort or practicality.

And because they've been tested under the most severe conditions, you can have complete confidence in their reliability and durability. To add to the reassurance, every genuine Toyota accessory has a 5-year warranty when purchased together with the vehicle[§].

Flexible Finance from Toyota Financial Services

When choosing your new car you will make sure you choose the right model, the right specification and the right colour to suit you. Choosing how you finance your car is just as important.

Our range of finance plans has been designed with simplicity in mind to make funding your car as easy as driving it. All our plans offer easy budgeting and peace of mind and AccessToyota brings these and other benefits together in one flexible package.

AccessToyota is a finance plan that puts you in control. You don't have to worry about finding a large deposit as you agree the amount of deposit that you want to pay and choose your repayment term from 2 to 3 years.

What makes AccessToyota different is that Toyota Financial Services (TFS) give your vehicle the security of a guaranteed future value (GFV) which is your optional final payment, deferred to the end of the agreement.

Affordable monthly payments are yours to enjoy as your repayments are based on the vehicle selling price less your deposit and the GFV/optional final payment, plus the cost of borrowing.

In addition, you can have reassurance against the risk of a fall in used car prices, knowing the minimum amount your Toyota will be worth at the end of your agreement is guaranteed at TFS.

Then when your agreement comes to an end you have three flexible choices:

- Part exchange your vehicle for a brand new Toyota
- Pay your final payment (the GFV) and take full ownership of the car[§]
- Simply hand the car back with nothing more to pay[§]

Ask your Toyota Centre to show you how AccessToyota could be the best choice for you.

Flexible Finance for all Toyota Customers

Whatever your needs, to complement AccessToyota, TFS has a full range of finance options to offer. From traditional Hire Purchase to Contract Hire and Leasing.

Whether you're a private motorist with a fixed monthly budget in mind or a business customer looking for VAT-efficient funding options, just discuss your individual requirements with your Toyota Centre. They will be pleased to show you how convenient and competitive Toyota Financial Services can be.

^{*} With the exception of batteries, corrosion of exhaust and damage or wear to the interior. Please refer to our Terms and Conditions for full details.

[§] Except on non-Toyota vehicles.

[¶] On payment of the option-to-purchase fee.

Finance subject to status to over 18s only. Indemnities may be required. Terms and conditions apply. Toyota Financial Services is authorised and regulated by the Financial Services Authority, Toyota Financial Services, Great Burgh, Burgh Heath, Epsom, Surrey, KT18 5UZ.

Flexible Finance from Toyota Financial Services

When choosing your new vehicle you will make sure you choose the right model, the right specification and the right colour to suit you. Choosing how you finance your vehicle is just as important.

Our range of finance plans has been designed with simplicity in mind to make funding your vehicle as easy as driving it. All our plans offer easy budgeting and peace of mind and Access Toyota brings these and other benefits together in one flexible package.

Access Toyota is a finance plan that puts you in control. You don't have to worry about finding a large deposit as you agree the amount of deposit that you want to pay and choose your repayment term from 2 to 3 years.

What makes Access Toyota different is that Toyota Financial Services (TFS) give your vehicle the security of a guaranteed future value (GFV) which is your optional final payment, deferred to the end of the agreement.

Affordable monthly payments are yours to enjoy as your repayments are based on the vehicle selling price less your deposit and the GFV/optional final payment, plus the cost of borrowing.

In addition, you can have reassurance against the risk of a fall in used vehicle prices, knowing the minimum amount your Toyota will be worth at the end of your agreement is guaranteed at TFS.

Then when your agreement comes to an end you have three flexible choices:

- Part exchange your vehicle for a brand new Toyota
- Pay your final payment (the GFV) and take full ownership of the vehicle[°]
- Simply hand the vehicle back with nothing more to pay[§]

Ask your Toyota Centre to show you how Access Toyota could be the best choice for you.

Flexible Finance for all Toyota Customers

Whatever your needs, to complement Access Toyota, TFS has a full range of finance options to offer. From traditional Hire Purchase to Contract Hire and Leasing.

Whether you're a private motorist with a fixed monthly budget in mind or a business customer looking for VAT-efficient funding options, just discuss your individual requirements with your Toyota Centre. They will be pleased to show you how convenient and competitive Toyota Financial Services can be.
