DESIGN
THAT

DRIVES YOU

Designed with passion, driven by obsession. The New Yaris seizes the moment through expressive design that conveys its passion for life and love of movement. Bold and distinctive, its wide, compact stance hugs the road with a reassuring strength that belies its agile, dynamic nature.

BLACK BEAN – KUROMAME
The rounded curves and glossy skin of the Japanese Kuromame bean are re-invented throughout the design of New Yaris.

DYNAMIC BULL SHAPE AND STANCE
Inspired by the Mighty Bull, New Yaris possesses a powerful kinetic energy that is always ready to go.

'PEAK' ROOF LINE
The unbroken line running from the bonnet and extending to the roof creates a natural peak towards the rear of the roof, giving New Yaris the stance of a sprinter, poised and ready to take off.

BOOMERANG REAR BUMPER
The boomerang design rear bumper pushes the rear wheels outward for a powerful, planted stance.

CONDENSED & AGILE
Every millimetre is considered: Short overhangs and generous wheelbase put the space where it counts, on the inside.

Mario Majdanzic – Yaris Lead Exterior Designer
