

TOYOTA C-HR

Welcome to a world where every step counts.

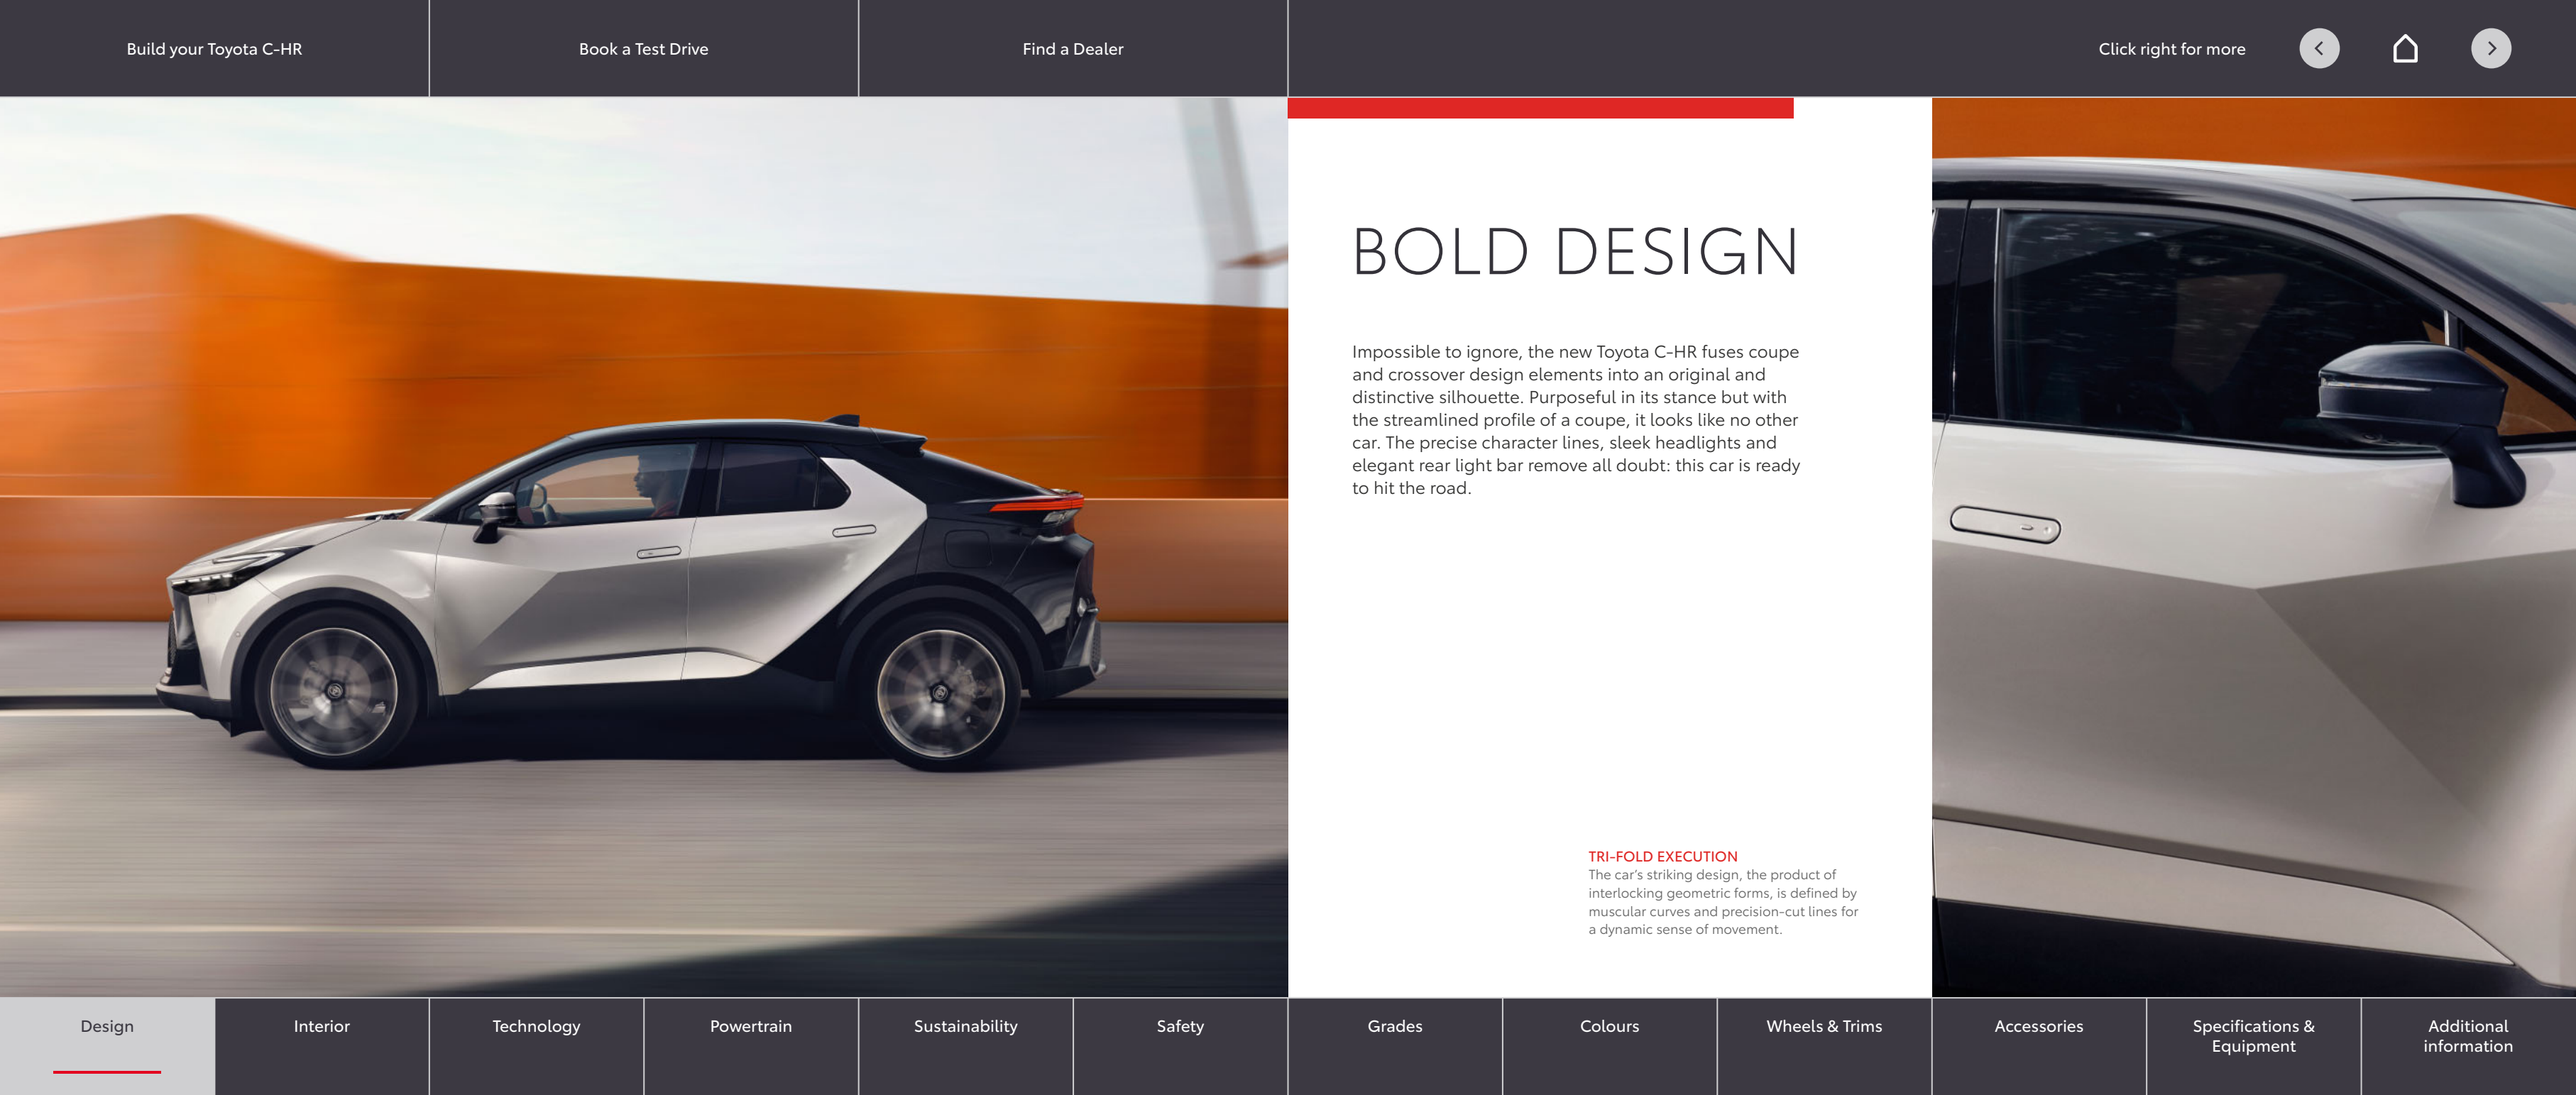

When our founder Kiichiro Toyoda ran to assist customers himself, he set in motion an exhilarating story. Of revolutionising car production. Of making mobility accessible to all. Of never resting and of going beyond expectations.

LET'S GO BEYOND

EVERY CHOICE COUNTS

Created without rules, the advanced new Toyota C-HR evolves the mould-breaking original into a powerful and emotive style statement. Unconventional by design and driven by technology, it is the crossover reimagined. Why blend in when you can stand out?

BOLD DESIGN

Impossible to ignore, the new Toyota C-HR fuses coupe and crossover design elements into an original and distinctive silhouette. Purposeful in its stance but with the streamlined profile of a coupe, it looks like no other car. The precise character lines, sleek headlights and elegant rear light bar remove all doubt: this car is ready to hit the road.

TRI-FOLD EXECUTION

The car's striking design, the product of interlocking geometric forms, is defined by muscular curves and precision-cut lines for a dynamic sense of movement.

CHOOSE TO STAND OUT

Ambitious design demands perfection from every detail. Machine-cut wheels*, combined with the car’s broad and confident stance, create an irresistible visual impact. Flush door handles, featured on a Toyota for the first time, are fundamental to the clean, sculptural aesthetic. And the Bi-tone+ design*, with its powerful contrast black execution, follows the body’s curves to emphasise the new Toyota C-HR’s expressive proportions.

DISTINCTIVE HAMMERHEAD FACE
The imposing grille and piercing LED headlamps combine to form the distinctive hammerhead face. An athletic design full of movement, the new Toyota C-HR appears ready to leap forward.

* Only available on selected grades, please see grade pages for more information.

UK specifications may vary.

CREATED AROUND YOU

A fusion of comfort, innovation and emotion for the excitement of driving, this light and airy space is built around you. A wing-like theme, focused on the driver and aligned with the direction of travel, flows through the interior, creating a sense of harmony. Premium soft-touch materials take sensory quality to the next level.

CUTTING-EDGE PANORAMIC ROOF
The Toyota Skyview® Panoramic roof* with thermal comfort glass keeps it warm in winter and cool in summer.

* Only available on selected grades, please see grade pages for more information.

Model shown is Premiere Edition.

UK specifications may vary.

WELCOME BACK
New Toyota C-HR welcomes you before every drive with an exterior lighting sequence*. It also auto-adapts to your preferred seat position* and digital settings as you jump in.

TURN DRIVES INTO PERSONALISED EXPERIENCES

Intelligent technology defines every aspect of the new Toyota C-HR: how it feels, how it drives and how it entertains. At its core is a seamless and personalised digital experience optimised around every step of the journey. Discreet and deftly integrated, this powerful functionality is intuitive to use thanks to twin 12.3"* high-resolution displays that work in harmony. A truly digital interior with immersive entertainment, new Toyota C-HR redefines the driving environment.

* Only available on selected grades, please see grade pages for more information.

UK specifications may vary.

THE POWER OF CHOICE

Your Toyota C-HR is just that – yours. From its display layouts to the colour and tone of the interior lighting*, every aspect of the car’s character can be personalised to suit your style. Set the colour and theme for the digital combimeter and configure its layout as you like, with four themes and three dial layouts to choose from. Apple CarPlay and Android Auto™ compatible, this effortlessly digital space responds to touch or voice commands – it’s your choice.

Apple CarPlay is a trademark of Apple Inc.

INTELLIGENT AMBIENT LIGHTING*
Integrated into the sensual lines, the expressive ambient lighting can be set to one of 14 theme colours and 50 custom colours. It can also change with the time of day, the cabin temperature and the selected drive mode.

* Only available on selected grades, please see grade pages for more information.

MYTOYOTA APP.
IN CONTROL
FROM YOUR
PHONE

Connectivity doesn't stop when you leave the car. The MyToyota app is a powerful tool on the move. Secure your car from afar, locking the doors with Remote Control. Use Remote Climate Control to cool or warm the cabin ahead of a journey. And with Car Spotter you can remotely flash the hazard lights and see the car's location on a map, making it easy to find.

HYBRID OR PLUG-IN HYBRID

The Toyota C-HR combines inspiring performance with the agility of a hatchback. Hybrids provide a smooth drive and the new fifth-generation powertrains deliver efficiency, refinement and drivability. Choose between a Self-Charging Hybrid, or a Plug-in Hybrid for additional EV capability.

DRIVE YOUR WAY
Take charge with switchable driving modes. Select Normal, Eco, Sport or Custom to tailor the Toyota C-HR's driving characteristics to suit your style.

THE DRIVE TO PERFORM

Drive electrified with Toyota's most advanced Hybrid powertrains yet. With compact motors and powerful high-voltage batteries, the new Toyota C-HR's Hybrid options deliver a balance of power and efficiency.

Model shown is Premiere Edition.

Model shown is Premiere Edition.

UK specifications may vary.

SUSTAINABILITY AT ITS CORE

The new Toyota C-HR is proof that doing things differently doesn't have to mean compromise. Recycled materials have the potential to redefine premium, while a lighter car is also a more engaging car to drive. The new Toyota C-HR introduces leather alternatives. The use of recycled plastics is increased compared with its predecessor. The body, painted in low-impact water-based paints, takes advantage of high-strength steel to reduce weight, driving down fuel consumption.

SECOND-LIFE PLASTICS

The new Toyota C-HR makes extensive use of recycled plastics. Used for seat fabric, floor mats, luggage boxes and more.

TOYOTA SAFETY SENSE. WITH YOU FOR A SAFER JOURNEY

For safety functions, Toyota C-HR is built with Safety Sense. This includes the latest generation of Toyota Safety Sense as well as the possibility to update its features Over-The-Air.

PRE-COLLISION SYSTEM (PCS)

Pre-Collision System can detect and help you avoid collisions with other vehicles, pedestrians, cyclists and motorbikes. It works by alerting the driver with audio and visual warnings and brake assistance. Additionally, Intersection Collision Avoidance Support and Emergency Steering Assist support in the day when turning at junctions and making evasive manoeuvres.

FULL SPEED RANGE ADAPTIVE CRUISE CONTROL (ACC)

This system keeps you at a minimum pre-set distance from the vehicle in front. If this distance falls, the system reduces your speed and eventually the brakes will be applied and brake lights activated. Full-Speed-Range ACC can bring the vehicle to a complete stop should the preceding vehicle stop ahead. A small input on the accelerator pedal or ACC switch will reenable the system. If your car is equipped with Road Sign Assist (RSA), this system will also recognize speed limits on your driving route and suggest any necessary adjustments.

EMERGENCY DRIVING STOP SYSTEM (EDSS)

Under LTA (Lane Tracing Assist) control, if the system detects no driver input for some time, audible warnings will alert the driver. If no further inputs are detected, EDSS brings the vehicle to a gradual stop while keeping it safely in lane. Hazard lights are activated to warn other road users, and doors are unlocked to allow emergency services easy access if required.

PROACTIVE DRIVING ASSIST, DECELERATION ASSIST (DA)

This system supports smooth deceleration when the accelerator pedal is released, when approaching a curve or a preceding car.

TOYOTA SAFETY SENSE (TSS) SOFTWARE UPDATES

TSS Over-the-air (OTA) software updates ensure Toyota Safety Sense (TSS) is up to date with latest features and improvements.

UK specifications may vary.

TECHNOLOGY THAT PROTECTS

The Toyota C-HR has the technology to constantly monitor the driving environment and alerting you to risks. Linked to the car's Safe Exit System, the interior ambient lighting* switches to an intense red to warn of a potential collision. And that high level of driver support is there whenever you need it. At low speeds, Panoramic View Monitor* offers a drone-like image of the car from above, displayed on the 12.3" multimedia screen* for an unimpeded view of your surroundings.

SAFE EXIT ASSIST (SEA)

This system uses the Blind Spot Monitor radar to help prevent a collision between an occupant's opened door and a vehicle or cyclist approaching from behind. If there is a risk of a collision, indicators illuminate on the outer mirrors and multi-information display, the interior ambient lighting will turn red together and an audible buzzer will sound to alert occupants.

REAR SEAT REMINDER SYSTEM (RSRS)

This system alerts the driver if a passenger or object is left on the rear seat when leaving the car. The alerts will include: a warning in the digital combimeter and, subject to model, after locking the car, also hazard lamp and an audible buzzer will activate.

PANORAMIC VIEW MONITOR (PVM)*

Parking is easier and safer with this system which combines the images from four cameras to create an almost 360° view of your surroundings.

DRIVER MONITORING CAMERA*

Checking the driver status, then providing suggestions or alerts according to the status. Enhances performance and functionalities of the Pre-Collision System (PCS) and Emergency Driving Stop System (EDSS).

* Only available on selected grades, please see grade pages for more information.

MAIN FEATURES

- 17" silver alloy wheels (5-double-spoke)
- Pre-Collision System with Pedestrian (day & night), Cyclist & Motorbike (day) Detection
- 8" Toyota Smart Connect with smartphone integration including Apple CarPlay
- Cloud Navigation
- 7" digital combimeter
- Smart Entry & Push-button Start
- Blind Spot Monitor
- Safe Exit Assist
- LED reflector headlights
- Smart Voice Assist
- Door Handle Protection Fil

ACCESSORIES

Designed for your Toyota, our genuine accessories are fitted by trained Toyota professionals and are of the highest quality. Our accessory packs include only genuine Toyota accessories and are produced to meet your needs. Genuine Toyota accessories are available to purchase from any Toyota dealer or our official eBay store, for peace of mind a 12-month warranty is included.

Style Pack

Fog lamp surround

Front bumper trim in piano black
This piano black trim adds an eye-catching detail to your lower front bumper.

Protection+ Pack

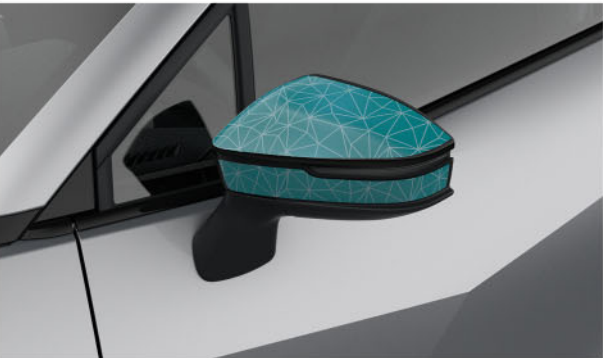

Boot liner

Boot mat (GR SPORT only)

Mud flaps

Mirror protection film

Sports Pack

SIDE STEP PACKS

Front skirt
A sculpted aerodynamic design to give your car an even more powerful appearance.

Side steps
These side steps provide easy access to your roof accessories while enhancing the rugged appeal of your car.

Rear skirt
Complement your car’s dynamic lines while creating an extra dimension of sporty looks and personality.

Towing

Vertical Detachable Towing Hitch
The vertical detachable towing hitch comes with rear bumper protection film and is designed so you can easily attach and remove the tow ball at your leisure.

PROTECTION FILMS
Toyota Protection films provide durable, long-lasting protection for the most vulnerable areas of the vehicle. Highly transparent, these protective films are virtually invisible when applied to the paintwork.

- Front bumper protection film
- Bonnet protection film
- Roof protection film

SEATBACK PROTECTION
Protects the backs of the seats from dirt and spills when folded, to load longer items for example. The textured surface helps prevent items shifting and sliding during transit.

BOOT LINER
Tailored to fit the boot of your vehicle and provide protection against dirt and spills. The design features a special anti-slip surface pattern to help stop luggage moving while you drive.

OWNING YOUR TOYOTA C-HR

Servicing your Toyota
Toyota Service Pricing means you will be sure to know the cost of your service up front. Expertly trained technicians using only genuine Toyota parts will carry out your service at one of over 200 Authorised Toyota Service Centres. The technicians will advise you on the correct service for your car based on the car's age, mileage and service history.

For more information visit toyota.co.uk/owners/servicing-and-aftercare/service-mot-maintenance

Service Plans
Inflation-proof pricing with a monthly or one-off payment plan means one less thing to worry about. With Toyota Service Plans the price you're quoted is guaranteed for the duration of your plan. The service, parts and labour are all paid for either in monthly instalments or as a one-off payment at the beginning of your plan.

For more information visit toyota.co.uk/owners/servicing-and-aftercare/service-mot-maintenance

Toyota Price Repairs
We offer transparent prices on a number of repair items for your Toyota giving you peace of mind when it comes to managing costs. Also don't forget we only use genuine Toyota parts, all of which come with at least 12 months' warranty (some even offer unlimited mileage warranties); and your car will always be dealt with by a trained Toyota technician.

For more information visit toyota.co.uk/owners/parts-accessories/parts

MyToyota
Whether you're a long-term owner or have recently taken delivery of a new Toyota, there are lots of reasons to join **MyToyota**. Packed with time-saving and convenient features, **MyToyota** ensures everything you need to manage your vehicle ownership is in one place. You'll also gain access to **MyRewards** where you can enjoy great offers and discounts from big brands on everything from family days out to pampering as well as everyday deals.

For more information visit toyota.co.uk/mytoyota or download the **MyToyota** app now available on iTunes® and Android.

Toyota Accessories
Toyota accessories are designed and manufactured with the same care, quality and attention to detail as Toyota vehicles. Tailor-made for your Toyota, they fit perfectly and add a personal touch of style, comfort and practicality. Also, because they've been tested under the most severe conditions, you can have complete confidence in their reliability and durability.

For more information visit toyota.co.uk/owners/parts-accessories/parts

Toyota Roadside Assistance
When you buy a new Toyota C-HR you automatically get 3 years free roadside assistance.

Get up to 10 years/100,000 miles Toyota Warranty*
Every new Toyota comes with a 3 year manufacturer warranty followed by a 12 months / 10,000 miles additional warranty, with every qualifying service.

Corrosion Cover
The 12-year unlimited mileage cover protects against rust perforation affecting sheet metal body panels as a result of a manufacturing fault. This warranty can also be transferred to any future owner throughout the 12-year period.

Rust and Paint Cover
The 3-year unlimited mileage cover protects against defects and surface rust as a result of a manufacturing fault.

Toyota Business Centre
Our Toyota Business Centre network promise you same-day access to a business manager or dedicated sales executive. With business offers and interactive wholelife cost modelling tools which consider emissions, fuel economy, servicing, insurance and residual value data, our advisers can accurately compare tax costs against any competitor. Whenever servicing is due, we can offer fixed-price servicing, free local vehicle collection and delivery (with wash and vac).

Special offers, fixed-price fleet servicing, specialist fleet insurance, business daily hire, Toyota Fleet Financial Services, extended test drives and a dedicated Business Centre Network are just some of the services business customers can expect from Toyota.

For more information visit toyota.co.uk/businesscustomers

Toyota Motor Insurance
Toyota Motor Insurance is available for Toyota owners at competitive premiums. To obtain details of the benefits included and to arrange a quotation, please contact your local Toyota Centre or call 0800 350 500.

Flexible Finance from Toyota Financial Services
All our plans offer easy budgeting and peace of mind, and **AccessToyota** brings these benefits together in one flexible package.

Toyota Financial Services, Great Burgh, Burgh Heath, Epsom, Surrey, KT18 5UZ.

Finance subject to status to over 18s only. Indemnities may be required. Terms and conditions apply.

TFS is authorised and regulated by the Financial Conduct Authority.

* Terms and conditions apply. For full details, please ask your official ToyotaCentre or visit <https://www.toyota.co.uk/owners/toyota-warranty>

TOYOTA 2050 ENVIRONMENTAL CHALLENGE & LIFECYCLE POLICY

Announced in 2015, our global Environmental Challenge 2050 comprises of six challenges. They cover every aspect of our business, our exploration of new products and technologies, and our role as an enabler for individuals and communities to learn about and improve the natural world around them.

For more information regarding Toyota Environmental Challenge please visit: toyota.co.uk/world-of-toyota/environment/environmental-challenge-2050 or contact your local Toyota dealer.

CHALLENGE 1
NEW VEHICLE – ZERO CO₂ EMISSIONS

By 2050, we want to reduce the CO₂ emissions from our vehicles by 90% compared to our 2010 levels. To achieve this, we will promote the development of new vehicles with low or zero carbon emissions, and do everything we can to increase the uptake of these vehicles.

CHALLENGE 3
PLANT – ZERO CO₂ EMISSIONS

To reduce carbon emissions at our manufacturing plants, we are focusing on improving the technologies we use and switching to alternative power sources. We are committed to making our facilities more energy-efficient and adopting renewable energy sources such as solar and wind, as well as low-carbon power such as hydrogen energy.

CHALLENGE 5
ESTABLISHING A RECYCLING-BASED SOCIETY AND SYSTEMS

We’ve been working on the challenge of resource recycling for 40 years, with the result that 95% of every Toyota C-HR is now reusable and recoverable. In addition, we offer new and innovative ways of returning your vehicle when it eventually reaches ‘the end of the road’. We are pursuing full life cycle management for battery recovery & reuse and remanufacturing green parts.

CHALLENGE 2
LIFE CYCLE – ZERO CO₂ EMISSIONS

We are working to create more environmentally friendly designs – and then analysing and refining them to ensure the lowest possible environmental impact throughout the vehicle’s entire life cycle*.

CHALLENGE 4
MINIMISING AND OPTIMISING WATER USAGE

To minimise water usage, we have started to collect rainwater at our manufacturing plants. We have also developed purification methods so that the water we do use can either be used again or returned safely into the local supply.

CHALLENGE 6
ESTABLISHING A FUTURE SOCIETY IN HARMONY WITH NATURE

To preserve and enhance our co-existence with the natural world, we are organising reforestation and tree planting, green urban schemes and other environmental initiatives, both at our own sites and in the wider world. Our aim is to establish a society where people and nature coexist in harmony.

* Toyota’s LCA methodology, which is applied to our passenger vehicles, was reviewed and approved by TÜV Rheinland and has been certified to comply with ISO14040/14044 standards.

INSPIRING THE WORLD TO MOVE

Over 85 years of innovation have brought us our greatest mission yet: giving the freedom of movement to humankind. That’s why Toyota is the Worldwide Official Mobility Partner of the International Olympic Committee and the International Paralympic Committee and proud partner of Team GB and Paralympics GB.

Toyota is also the Official Mobility Partner of Special Olympics Great Britain. We proudly support inclusive sport and the charity’s mission to create more sporting opportunities for people with intellectual disabilities across England, Scotland and Wales.

We are committed to making movement better for everyone, whether that be across a country, a city or across a room, because when you are free to move, anything is possible.

START YOUR
IMPOSSIBLE

TOYOTA C-HR

While every effort is made to reproduce accurate information, we reserve the right to change specifications, equipment and availability without prior notice. This brochure cannot be regarded as infallible (some of the vehicles shown may not be to exact UK specification), and as such does not constitute an offer for sale of any particular vehicle or specification. For the latest specification and availability, we ask that you contact your local Toyota Centre. Vehicle body colours may differ slightly from the printed images in this brochure.

Figures are provided for comparability purposes; only compare fuel consumption and CO₂ figures tested to the same technical procedures. These figures may not reflect real life driving results. All vehicles are certified according to the World Harmonised Light Vehicle Test Procedure (WLTP). Please visit the Vehicle Certification Agency website for the latest information. Choice of accessories fitted (pre-registration) may affect the official CO₂ figures, car tax and 'on the road' price. These dates may change, please visit www.vehicle-certification-agency.gov.uk/fcb/wltp.asp for the latest information. Please contact your local Toyota Centre for further information.

The use of the term 'Toyota Accessories' should not be taken to imply that the products on the accessory pages are actually manufactured by the Toyota Motor Corporation or Toyota (GB) PLC. Toyota (GB) PLC is continually updating and changing specifications of accessories and reserves the right to do so at any time without prior notice.
