

RAV4 PLUG-IN
HYBRID

DUAL DNA

RICH SUV HERITAGE, DYNAMIC DUAL DNA

The RAV4 Plug-in Hybrid combines our most powerful Hybrid technology yet with outstanding EV capability to power you further, cleaner. Underneath its sophisticated design, the dual energy delivered by our fourth-generation Hybrid technology and high-capacity, lithium-ion battery allows you to enjoy instant acceleration and class-leading range.

CLEAN POWER

INSTANT POWER, UNRIVALLED EFFICIENCY

Powerful, dynamic and sure-footed, the RAV4 Plug-in Hybrid delivers a performance that's in a class of its own. Equipped with a 2.5 litre Petrol Hybrid powertrain with intelligent all-wheel-drive system (AWD-i*), it sprints from 0–62 mph in just 6.0 seconds, thanks to its impressive traction and formidable 306 DIN hp output.

CO₂ emissions (22 g/km) and fuel consumption (282.4 mpg) show the RAV4 Plug-in Hybrid has the efficiency to match its performance. A new 18.1 kW lithium-ion battery means you can travel for more than 46 miles[§] on pure EV power, while the car's 6.6 kW on-board charger provides a full battery charge in 2.5 hours.

Your way to true EV

Switch seamlessly from Hybrid to pure EV through the four-mode drive selector. The default EV mode allows the RAV4 Plug-in Hybrid to travel more than 46 miles[§] on electric power alone resulting in zero emissions at the tailpipe. When the battery is empty, simply let the RAV4's efficient Hybrid system power you on to your destination.

Connectivity

Alongside Apple CarPlay and Android Auto™ to handle music, calls and more, the MyT smartphone app allows you to check battery level, programme recharging times and even pre-cool or pre-heat the RAV4's cabin.

Apple CarPlay is a trademark of Apple Inc.

Interior

From a Head Up Display and 9-speaker JBL® Premium Sound System* to wireless mobile phone charging[‡] and a 220V boot power outlet, the RAV4's refined interior delivers uncompromising comfort and convenience.

INNER STYLE

REFINED AND CONNECTED, THE IDEAL SPACE TO RECHARGE

The RAV4 Plug-in Hybrid's stylish cabin provides the ideal setting for quiet, effortless performance. Sporty leather seats* and a large panoramic roof* guarantee that journeys in the spacious, refined interior are airy and comfortable, while a 520 litre boot provides flexible loadspace with minimal battery intrusion.

For seamless access to the car's entertainment and connectivity, the intuitive dashboard boasts a 9" touchscreen with our latest multimedia system and smartphone integration. Features such as cabin pre-conditioning and real-time navigation are delivered by a suite of MyT Connected Services, while a wide range of advanced safety technologies helps to protect everyone, inside and out the car.

Safety

The RAV4 Plug-in Hybrid does even more to keep you and others around you safe. Its advanced Toyota Safety Sense technologies are now more intelligent, to help you drive with confidence and peace of mind.

OWNING YOUR ALL NEW RAV4 PLUG-IN HYBRID

Servicing your Toyota

Toyota Service Pricing means you will be sure to know the cost of your service up front. Expertly trained technicians using only genuine Toyota parts will carry out your service at one of over 200 Authorised Toyota Service Centres. The technicians will advise you on the correct service for your vehicle based on the vehicle's age, mileage and service history.

For more information visit toyota.co.uk/owners/servicing-and-aftercare/service-mot-maintenance

Service Plans

Inflation-proof pricing with a monthly or one-off payment plan means one less thing to worry about. With Toyota Service Plans the price you're quoted is guaranteed for the duration of your plan. The service, parts and labour are all paid for either in monthly instalments or as a one-off payment at the beginning of your plan.

For more information visit toyota.co.uk/owners/servicing-and-aftercare/service-mot-maintenance

Toyota Price Repairs

We offer transparent prices on a number of repair items for your Toyota giving you peace of mind when it comes to managing costs. Also don't forget we only use genuine Toyota parts, all of which come with at least 12 months' warranty (some even offer unlimited mileage warranties); and your vehicle will always be dealt with by a trained Toyota technician.

For more information visit toyota.co.uk/owners/parts-accessories/parts

MyT

Whether you're a long-term owner or have recently taken delivery of a new Toyota, there are lots of reasons to join **MyT**. Packed with time-saving and convenient features, **MyT** ensures everything you need to manage your vehicle ownership is in one place. You'll also gain access to **My Rewards** where you can enjoy great offers and discounts from big brands on everything from family days out to pampering as well as everyday deals.

For the latest specification and availability, we ask that you contact your local Toyota Centre. Vehicle body colours may differ slightly from the printed images in this brochure.

Quoted mpg and CO₂: Figures are provided for comparability purposes; only compare fuel consumption and CO₂ figures with other cars tested to the same technical procedures. These figures may not reflect real-life driving results. Fuel consumption and CO₂ produced varies significantly depending on a number of factors, including the accessories fitted (post-registration), driving style, conditions, speed and vehicle load.

All models and grades are certified according to the World Harmonised Light Vehicle Test Procedure (WLTP), which replaces the New European Driving Cycle test procedure (NEDC).

All CO₂ figures quoted are NEDC equivalent. This means the CO₂ figures are based on the new WLTP test procedure but calculated (using a standard European calculation method) to allow comparison with the NEDC test procedure. The NEDC equivalent figures will be used to calculate vehicle tax on first registration. All mpg figures quoted are full WLTP figures.

More information can be found by visiting: www.vehicle-certification-agency.gov.uk/fcb/wltp.asp

The official CO₂ figures for vehicles changed as from 6 April 2020, due to a change in the official method of calculation. CO₂ figures are used in the calculation of Vehicle Excise Duty (car tax) for new cars during their first year of registration. As a result, all CO₂ figures, car tax and recommended 'on the road' prices for new vehicles are subject to change for vehicles registered after 6 April 2020. Please contact your local Toyota Centre for further information.

The use of the term 'Toyota Accessories' should not be taken to imply that the products on the accessory pages are actually manufactured by the Toyota Motor Corporation or Toyota (GB) PLC.
