

TOYOTA TOTAL LOSS ASSET PROTECTION

TOYOTA TOTAL LOSS ASSET PROTECTION

TOYOTA TOTAL LOSS ASSET PROTECTION IS A GREAT WAY TO PROTECT YOUR INVESTMENT IN THE UNFORTUNATE EVENT THAT YOUR CAR IS WRITTEN OFF

It's quick and straightforward to arrange and should you need to claim, could provide a valuable benefit to you or your business.

WHAT COULD HAPPEN IF YOUR CAR IS WRITTEN OFF?

If your car or light commercial vehicle is written off as a result of an accident, fire or theft, your motor insurance company may only pay out the current market value for your vehicle.

The current market value is likely to be less than the amount you paid for the vehicle and if you have finance it could be less than any outstanding finance settlement.

This could potentially leave you with the problem of having to find extra funds to get you back into the driving seat of a new Toyota or pay off your finance agreement.

WHAT TOTAL LOSS ASSET PROTECTION CAN DO FOR YOU

To help protect you from this situation, if it arises, Toyota Financial Services can offer you Toyota Total Loss Asset Protection for up to 3 years' cover (36 months) plus additional cover for any finance shortfall after the initial term (up to 12 further months) to match the term of your finance agreement.

Toyota Total Loss Asset Protection helps you cover the shortfall in funds to cover the cost of a new Toyota or settle any outstanding finance, as well as a £300 contribution towards any incidental costs you might incur by way of a Total Loss Assistance Payment.[‡]

Please see example on page 2 of how it could help you.

NET INVOICE PRICE £15,000

This is the vehicle cost. The amount that you have paid, as it relates to the vehicle itself, it does not include non-dealer fitted options and extras such as the Road Fund Licence or negative equity.

TYPICAL MARKET VALUE £8,000

The Insurers will calculate this as the greater of:

a: The value of the insured vehicle (excluding contents) at the Date of Loss as assessed by the insurers of Motor Insurance; or

b: The market value of the insured vehicle (excluding contents) at the Date of Loss by reference to Glass's Guide Retail Value.

SHORTFALL £7,000

This is the amount that Total Loss Asset Protection could pay to recover the cost of your vehicle.

Please note: in months 1-36, if the finance settlement figure is greater than the Net Invoice Price, the benefit will be calculated as the difference between the finance settlement figure and the market value. This will then be paid directly to your finance company.

For demonstration purposes only

‡ Total Loss Assistance – £300 paid as part of your claim and only paid once during the term of the Toyota Total Loss Asset Protection policy.
