www.toyota.co.uk/new-cars/aygo

This Prices, Specifications and Equipment document should be read in conjunction with the AYGO brochure (GBNGV-0120B-AY).

All passenger car prices shown are recommended retail and are applicable to vehicles sold for permanent use in the United Kingdom. List prices include VAT, delivery charge and number plate allowance. On the road prices include 12 months' Vehicle Excise Duty and Vehicle First Registration Fee (currently £55). Please see your local Toyota Centre for further details on the full range of Vehicles and Optional Extras available. For full description and illustration of exterior colours and internal trims, please consult your local Toyota Centre.

Quoted mpg and CO₂: Figures are provided for comparability purposes; only compare fuel consumption and CO₂ figures with other cars tested to the same technical procedures. These figures may not reflect real-life driving results. Fuel consumption and CO₂ produced varies significantly depending on a number of factors, including the accessories fitted (post-registration), driving style, conditions, speed and vehicle load.

All models and grades are certified according to the World Harmonised Light Vehicle Test Procedure (WLTP). All mpg and CO₂ figures quoted are full WLTP figures.

The official CO₂ figures for vehicles changed as from 1 April 2020, due to a change in the official method of calculation. CO₂ figures are used in the calculation of Vehicle Excise Duty (car tax) for new cars during their first year of registration. As a result, all CO₂ figures, car tax and 'on the road' prices for new vehicles, which were provided or displayed prior to 1 April 2020, may now have changed for vehicles which were not registered before that date. These dates may change, please visit www.vehicle-certification-agency.gov.uk/fcb/wltp.asp for the latest information.

Please contact your local Toyota Centre for further information.
