

TOYOTA EXTENDED WARRANTIES

WE'VE GOT YOU COVERED

EXTRA OF EVERYTHING, INCLUDING PEACE OF MIND

The moment you fasten the seatbelt of your new Toyota, even if you're not the first owner, you're able to benefit from one of the most comprehensive warranties offered by any car manufacturer. You can take out a Toyota Plus Extended Warranty on any new, approved used or used Toyota originally supplied through the UK Toyota Centre Network. So, however you've chosen to purchase your car, you can enjoy a similar* level of warranty protection as you would on a new Toyota.

*The main difference between the Manufacturer's Warranty and the Extended Warranty are that the Extended Warranty does not cover automotive batteries, interior trim, corrosion to exhaust systems and road wheels

Toyota Plus Extended Warranty

An Extended Warranty is available on any new or used Toyota originally supplied through the UK Toyota Centre network and can extend the manufacturer's cover for 24 months*, with no limit on your mileage. So, whichever Toyota you chose, you can enjoy a comprehensive level of warranty protection, as you would do on a new Toyota. In addition to a great level of protection for your car, you will enjoy some excellent benefits for yourself with the complementary membership of Toyota Roadside Assistance from the moment that your Extended Warranty begins.

FREQUENTLY ASKED QUESTIONS...

What is Toyota's commitment?

A Toyota Plus Extended Warranty is substantially similar to the warranty you get with a brand new car, but it applies to the car you own already, whether you were the first owner or you bought it used. The Toyota Plus Extended Warranty can be renewed until the vehicle is 12 years old, and if a part covered by the Toyota Plus Extended Warranty suffers electrical or mechanical failure at anytime during the term, Toyota is committed to fixing it. You don't pay for replacement parts or labour.

What does Toyota expect in return?

Your car must be serviced and inspected by an Authorised Toyota Service Centre at least once a year or more frequently for high mileage use, as set out in your service record booklet. Regular servicing means your car is safer, more reliable and more enjoyable to drive. It can also help to increase the car's value when you come to sell it.

Is there a choice of warranties?

You have a choice of either a 2-4-1 Low User option including the cost of 2 x MOT Test's that restricts you to 30,000 miles or 24 months which ever comes first or a 12 or 24 month unlimited mileage option.

Is there a mileage restriction?

Unlike many warranty schemes, our unlimited mileage cover places no restrictions on your annual mileage unless you opt for our low mileage options. No matter how far you drive, your Authorised Toyota Service Centre will be happy to assist.

Who carries out repairs?

Any Authorised Toyota Service Centre will carry out repair work for you under a Toyota Plus Extended Warranty, so you can choose who you deal with. You can enjoy peace of mind knowing that Toyota trained technicians will fit only genuine Toyota parts.

What happens if my car is off the road?

Our Toyota Plus Extended Warranty is designed to keep you on the road. If your car cannot be driven or cannot be driven without causing damage to it because a covered part has failed, you can claim up to five days car hire to a maximum of £45 a day (including VAT) after the first 24 hours excluding the cost of consumables.

What happens away from home?

If you break down more than 20 miles away from home and your car can't be driven or repaired within 24 hours by an Authorised Toyota Service Centre, your Toyota Plus Extended Warranty will minimise inconvenience by allowing you to claim one night's hotel accommodation up to £150 (including VAT).

What about Europe?

Your Toyota Plus Extended Warranty will also cover your repair bills in most European countries. You pay for the repair and reclaim the cost when you return to the UK. You must contact the administrator prior to any work being carried out for authorisation.

What happens if the car fails an MOT test?

In the unlikely event that your car fails an MOT test, a Toyota Plus Extended Warranty will protect you against the cost of repairing or replacing the protected part whose failure led to your car failing its MOT test. As long as the car is repaired within 30 days of the failed MOT and then passes its MOT, your Toyota Plus Extended Warranty will pay for the repair or replacement of covered parts, up to the car's purchase price. You will have to pay the first £10 of any repair plus all MOT test fees. 2-4-1 includes the cost of 2 x MOT Test's (excludes re-test).

Is a Toyota Plus Extended Warranty transferable?

Yes, Toyota Plus Extended Warranties are fully transferable. For a fee of £20, a new owner can enjoy the same benefits if you decide to sell your car during the Toyota Plus Extended Warranty's lifetime — giving a genuine boost to the car's resale value.

Can I pay in instalments?

Yes, our easy terms allow you to purchase a 12 month Toyota Plus Extended Warranty over a 10 month period and a 24 month Toyota Plus Extended Warranty over 12 months by direct debit, at no extra charge. You can also pay by credit or debit card.

How do I claim?

Just take your car and the Toyota Plus Extended Warranty schedule to any Authorised Toyota Service Centre. They will have the work approved quickly and it won't cost you a penny. There are no limits on individual claims as long as the total value of your claims does not exceed the price you originally paid for the car.

Complimentary Toyota Roadside Assistance

As part of the Extended Warranty, you will receive automatic membership of Toyota Roadside Assistance provided by the AA for the length of your cover and includes:

- roadside and home recovery
- nationwide recovery to get you where you're going
- onward travel, providing a replacement car or travel by taxi, rail or plane, as well as overnight accommodation
- European cover in 44 countries
